Note: Olmsted's research shows this son married Maria Antonia Herrera. While the 1775 baptism reflects the right parents, no marriage record has been found, nor do any of the baptisms identify grandparents to help prove the lineage. In Jan 2023, Y-700 DNA testing revealed the progenitor of this line is actually Tomas, the brother of Serafin. Based on these findings, this line was moved under Tomas Gurulé, as the last son.
