

## **1950 Census**

### **For Your Information**

The National Archives and Records Administration (NARA) started releasing the 1950 census records in April 2022, and we released them on the Gurulé website. However, we also knew that new records kept appearing that weren't available before and wanted to wait until the end of the year to review again once indexing was finalized. This version includes a release in November 2022 and another in January 2025.

*Huge thanks to Annette Gurulé-Torres for all her help with these extractions!! Her time and devotion are very much appreciated!*

## **1950 Census – Arizona**
